Everyone from lawyers to doctors to librarians needs factual information – and the Web is where they all turn. The authors of *The Lawyer's Guide to Fact Finding on the Internet* (a law librarian and an Internet research guru) will share some of their tips and tricks to help you find the FACTS and find them FAST. They will show you how to focus your search strategies, penetrate the "Invisible" Web, target specific file formats and zero in on domain searching...and much more!
